

COP 4934 – Summer 2026

Group 11

Meeting Notes

Date: June 30, 2026

Time: 2:00 pm

1. **Upcoming Due Date: Monday 7/6 – Preliminary Design Document**
2. Discussed upcoming class and assignment schedule.
3. Conducted Sprint Review/Retrospective for the recent Sprint for the “Early Status Report”. Everyone agreed that the Sprint went well.
4. New Discord channel was created for the Daily Scrum.
5. Discussed status of contacting the County to request permission to use the public API. Phillip wanted to check whether anyone was aware of a navigation link on the main website to the public API. No one was aware of such a navigation link. Team was ok with Phillip calling the County Public Information Office after the meeting.
6. Andrew discussed GitHub protocol that will automatically update the task in Jira. Refer to the updated GitHub README file.
7. Team is to use Jira to view and update tasks for each Sprint.
8. Discussed contract addenda items:
 - i. JC's new role as front-end developer of the Registered User Report page, suggested that JC email the professor.
 - ii. Get permission before working on someone else's task.
9. Andrew added Phillip as an admin in the Jira project. Phillip should be able to access the report feature in Jira.
10. Demo-ed using the Word template for the report.
11. Discussed upcoming Preliminary Design Document assignment criteria. Topics for each person to write about will be primarily based on their roles (see list below).
 - i. Andrew: User workflow and general animation; DBSCAN
 - ii. Khoa: Front-End Mapping and UI
 - iii. Tolga: API +Database
 - iv. JC: Register User Statistics/Reports
 - v. Phillip: Heat map (KDE/G_i*)

Action Items:

1. (Everyone) Complete the 2 quizzes by **Friday 7/3/2026**.
2. (Everyone) Complete their section of the Preliminary Design Document by **Monday 7/6/2026 at noon**.
3. (Phillip) Combine everyone's sections into a single document for the Early Status Report by **Monday 7/6/2026**.
4. (Phillip) Update Sprint Backlog and start new Sprint.

COP 4934 – Summer 2026

Group 11

Meeting Notes

5. (Phillip) Call the County to request permission to use their public search API per the frequency written in Tolga's script.
