

COP 4934 – Summer 2026

Group 11

Meeting Notes

Date: July 27, 2026

Time: 8:00 pm

1. Mentioned due dates for the following assignments:
 - i. Sunday 8/2 – Final Design Document
 - ii. Sunday 8/2 – Debugging Quiz
 - iii. Sunday 8/2 – Ethics Quiz
2. Asked the group to regularly check Discord throughout the week in case more information is needed from someone for the Final Design Document.
3. Asked that everyone post their class schedule for next semester on Discord so we could try to figure out a weekly meeting day/time.
4. Confirmed that individual sections for Introduction and Project Characterization chapters with pre-existing write-ups weren't changed by anyone, except for the MVP "Cluster Feature" and MVP "Animation Feature" sections by Andrew.
5. Discussed the sections remaining to be completed for Final Design Document:
 - i. Executive Summary – overview of what's covered in the document, findings, and decisions.
 - Each group member to prepare 1 paragraph
 - ii. Project Description section (0.75-pages): will be completed by Phillip
 - iii. Issues Related to Project section (0.25-pages): will be completed by Phillip
 - iv. Heat Map MVP and Stretch Goals update: will be completed by Phillip
 - v. Heat Map Conclusions section: will be completed by Phillip
 - vi. Setbacks sections
 - Each group member to prepare 2 setbacks

Action Items:

1. (Everyone) Write one (1) paragraph related to your project component/feature for the Executive Summary. It should generally represent an overview of what's covered in the document, findings, and decisions. Send them to Phillip.
2. (Everyone) Write two (2) setbacks related to your project component/feature. Send them to Phillip.
3. (Phillip) Write the Project Description and Issues Related to Project sections for the Final Design Document.
4. (Phillip) Combine everyone's sections into a single document for the Final Design Document and submit this week. Target submittal date is Wednesday, but Thursday is more likely.
5. (Everyone) Review the assignment requirements for the Final Design Document.

COP 4934 – Summer 2026

Group 11

Meeting Notes

6. (Phillip) Draft 2nd email to the Lee County Public Information Office requesting permission to use their public API. This time, explain in detail how we plan to use the public API.
