

COP 4934 – Summer 2026

Group 11

Meeting Agenda

Date: June 16, 2026

Time: 4:00 pm

Location: Library (Room 370B)

1. **Upcoming Due Date: Monday 6/22/2026 - Design Proposal and Team Contract**
2. **Reminder: Instructor check-in at 2:40 pm on Tuesday 6/23/2026**
3. Discuss historical data collection status and Phillip's conversation with the County Central Records department. Discuss possibility of running script on more systems.
4. Discuss geocoding of intersections that are currently unresolved.
5. Discuss upcoming assignments (refer to table and assignment descriptions below).
6. Discuss possible topics and sections for each team member to write about.

Table 1: Senior Design 1 - Assignments

Due Date	Assignment	Individual/ Group	Description
6/20/2026	Journal – Week 2	Individual	Individual weekly progress report
6/22/2026	Design Proposal and Team Contract	Group	See below for submission requirements
6/27/2026	Journal – Week 3	Individual	Individual weekly progress report
6/29/2026	Early Status Report	Group	See below for submission requirements
7/6/2026	Journal – Week 4	Individual	Individual weekly progress report
7/6/2026	Preliminary Design Document	Group	See below for submission requirements
7/11/2026	Journal – Week 5	Individual	Individual weekly progress report
7/18/2026	Journal – Week 6	Individual	Individual weekly progress report
7/25/2026	Journal – Week 7	Individual	Individual weekly progress report
7/27/2026	Final Design Document	Group	DISCUSS DURING FUTURE MEETING

- Design Proposal and Team Contract
 - Content requirements (3 pages per team member [each team member to write 3 pages]):
 - ~1 page per team member to include:
 - Written in I/me/my singular voice.

COP 4934 – Summer 2026

Group 11

Meeting Agenda

- Each team member's motivations (written from personal point-of-view)
- Each team member's ideas (written from the personal point-of-view)
- Remaining pages (2 pages per team member):
 - Team contract which shall include:
 - Written in we/us/our group voice. **UNCLEAR IF THERE IS SUPPOSED TO BE A DIFFERENT CONTRACT FOR EACH TEAM MEMBER.**
 - Each team member's expectations for the other team members.
 - How meetings will be handled. Agendas, attendance tracking, and minutes will become deliverables.
 - How we will hold each other accountable to show their work. "Trust" but verify.
 - How to handle team members getting sick or having unavoidable conflicts.
 - Signature from each team member.
 - General concept of operations and technical outline:
 - Doesn't have to be the full MVP (Minimum Viable Product), but more detailed than the Notional Proposal. Reusing the student pitch is acceptable.
- Boot Camp:
 - Doesn't count towards the page count.
 - Do not spend a lot of time reworking the boot camp material.
 - Include the worksheet information from the Boot Camp (don't need the entire set of 100 ideas).
- Formatting requirements:
 - 11 or 12 point font
 - Times New Roman, Verdana, or Calibri font
 - 1" margins
 - 1.5x line spacing
 - Submit as a PDF
- Early Status Report
 - Content requirements (~10 pages):
 - MVP (Minimum Viable Product)

COP 4934 – Summer 2026

Group 11

Meeting Agenda

- Can include stretch goals, but make clear what is required.
 - Initial and current sprint backlogs
 - Notional sprint plan that indicates what will be done through Summer and Fall
 - Brief description of what has been accomplished so far. It is expected that the team has been doing research. Describe that research.
- Formatting requirements:
 - Same as “Design Proposal and Team Contract”
- Preliminary Design Document
 - Content requirements (10 pages per team member [each team member to write 10 pages]):
 - Write about what you have done (less than 1 page per day).
 - 9 or 11 pages is ok, 5 or 15 isn't
 - Can re-use text from the design proposal portion of the “Design Proposal and Team Contract”. Do not use text from individual motivation sections.
 - Graphics are fine, but not large sparse graphics.
 - Don't include source code without good reason. Only use small chunks.
 - No large amounts of white space for section breaks.
 - Document does NOT have to be in its final form since the project will still need work done after this semester.
 - Formatting requirements:
 - Same as “Design Proposal and Team Contract”
 - Reasonable standard written English mechanics (decent grammar and readability)
 - Graphics:
 - Should not be large.
 - Use numbered caption and word processor reference.
 - Quarter-page at most, with half-page reserved for very complex figures with a lot of information (if you're not sure if it's complex, then it's not).
 - Don't waste space on large logos (see size limits)
 - Submit as a PDF
